

In order to keep our team and patients safe during the COVID-19 pandemic, we have implemented some new policies and procedures:

- Our waiting room is now open.
- Everyone entering our office must wear a mask.
- If something needs to be discussed, we can still give updates to parents by text or by speakerphone with a child's cell phone, or in person if parent is in the waiting room.
- Upon entering, you will be asked to sanitize your hands and then your temperature will be taken with a touchless infrared thermometer.
- Our brushing station is closed. Please brush at home prior to your appointment.
- Our schedule is specifically designed for social distancing and to minimize aerosol cross-contamination. We appreciate your flexibility and understanding when scheduling your next appointment.
